SUMMER 2015

TVR Heritage and Performance Network

We are very proud to announce that we are now part of the fully authorised TVR Heritage and Performance Network. If you are seeking the best care for your Pride and Joy you can be certain with us that you will get the expertise you deserve. See www.tvr.co.uk for latest news regarding TVR – an exciting future lies ahead.

Servicing

At PPC we believe it is important to have your TVR serviced regularly by fully trained TVR Technicians to ensure your car remains as safe as possible and to give you the best chance of enjoying many years of great driving without large financial expense.

As with all high performance cars it's particularly important that all services are carried out to the highest standards. At PPC we follow the manufacturer's servicing schedule, use genuine parts and high performance motor oil. All services include a full inspection of the car's chassis, suspension, fuel system and brakes.

We carry out fixed or menu priced servicing for all models of TVR so work can be tailored to meet your car's individual requirements dependant on age, annual mileage and use. A courtesy car is available on request. Please call us to discuss your car's individual requirements and our recommendations.

Upgrades & Additional Services

Want to improve the handling of your TVR? Why not talk to us about fitting a Nitron Shock Absorber and Spring Kit? Other great enhancements for your TVR are our own Leven Technology Accessories, ACT exhaust systems and silicone hose kits for cooling systems. We also undertake full restorations, chassis outrigger replacements plus much more.

September 2015 Holiday Dates

We will be closed from Thursday 24th September 2015 and re-open Monday 12th October. **Please bear these dates in mind if you have a service and/or MOT that falls due during this period.**

Don't Forget...

If you have any questions about running or upgrading your car don't hesitate to give us a call. As usual we will be out and about at many TVR Car Club meetings in 2015 and look forward to seeing you there.
